

No matter how financially stable you are, hard times and emergencies are always uncalled for. There are times that you need emergency financial assistance, and all other options are out of your way. If you have a Vehicle, you will be better off since you can **Borrow Money Against Your Car.**

**Borrowing Against Your Car** helps you take out a large amount of money that you can get based upon the **make, model and mileage of your car or truck** to repay after a short or long period as agreed. In exchange for the cash and to ensure security, you will need to give the lender **the title to your car.**

If you have never been caught up with circumstances beyond your control that require you to **Borrow Money Against Your Car** you probably have no idea how this works. However, you do not need to worry. **This PDF document will show you all you need to know about securing cash with your Car or Truck.**

## The Documentation

Because this process could involve one of your biggest assets, proper documentation is necessary before you get the loan. **This is also necessary because the lenders must be sure they are dealing with a genuine person who is of the right age (18 years +) and able to repay the loan.**

### ***These are some of the documents you will need when applying online:***

**Two photo IDs (ex: Birth certificate, Passport, Drivers License)**

**Proof of Income (latest Pay Stub if available)**

**Photos of interior and exterior of vehicle**

**Clear photo of the vehicle's odometer**

**Proof of vehicle insurance (Pink slip)**

**Copy of registration and or ownership of vehicle**

**Void Cheque or PAD Form**

**Proof of residence or lease agreement.**

Just showing the lender your car and the valid documents is not a guarantee of getting a loan. **You must present your proper documentation and pictures of the vehicle to us on the agreed date for some thorough evaluation and inspection.**

This helps the lender to determine how much you can get on the vehicle **depending on its condition, model, and value.**

**You get the E-Transfer (Same Day \*some conditions may apply\*)**

**Once your documents have been approved, and your car has gone through complete evaluation and inspection, you will be given a loan in exchange for the title of your vehicle.** Many people opt for a loan against their car because the process is straightforward, and they can get the credit within a short time.

## Your Car Still Belongs to You

You should not worry about using public commuter means for the period of your loan as you are still going to have your vehicle in your possession.

The biggest **benefit of Borrowing Money Against Your Car** is that as you continue paying the loan amount, **you can still drive your vehicle** comfortably without anyone noticing that it is some sort of collateral for your loan.

## What You Need to Know Before Getting Car Title Loans

### Your Credit Score

You know that you need a Good Credit Score when applying for a loan. With a Loan Against Your Car, your credit score does not need to be excellent. **Our company offers you Money Against Your Car without any credit score. And credit checks are not at all necessary.**

## How Much Will You Get?

The amount of money that we Lend Against Your Car, nearly depends upon the value of your car. You can get around **50% to 60% of your vehicle's wholesale** value. Our loans go **Upto \$25,000**

### Several things determine the loan limit. They are;

The model and make of your vehicle

Your car mileage or odometer reading

Whether your car title is clean or salvage (we do not do loans on rebuilt status vehicles)

Any lien on the car (If yes how much balance is owing on the vehicle)

They will hold the title of your car until you are able to fully pay the loan plus the interest.

Every lending company has its Title Loan calculator, which they use to determine the repayment plan you will use. This plan is usually based on principal, loan duration, and interest rate.

## How Long Will It Take?

**Loans Against Your Car are always considered an emergency loan** because they take a short processing time. These Types of Loans take a shorter time to process than it would take to process a traditional bank loan as there are **no credit checks involved**.

This is because it involves less paperwork and little credit checks. **Sometimes the loan can even take as little as couple hours with very minimal hassles.**

## What Happens If I Don't Pay the Loan?

**The wish of every Loan company is to build a friendly business environment with the clients.** However, some unavoidable things can happen, and you are in no position to honor the loan repayment plan.

In that case, the company will have no option but to put your car on sale to recover the loan amount given to you.

If you cannot keep up with the loan agreement even after making a partial payment, the law allows the lending company to repossess your car and put it up for sale.
